

Asia Magnetic Winding Co., Ltd was settled in Thailand in 1999 and answers your needs in the field of both toroidal and linear chokes and transformers, PCB assembly, semi products for chargers and complete chargers.

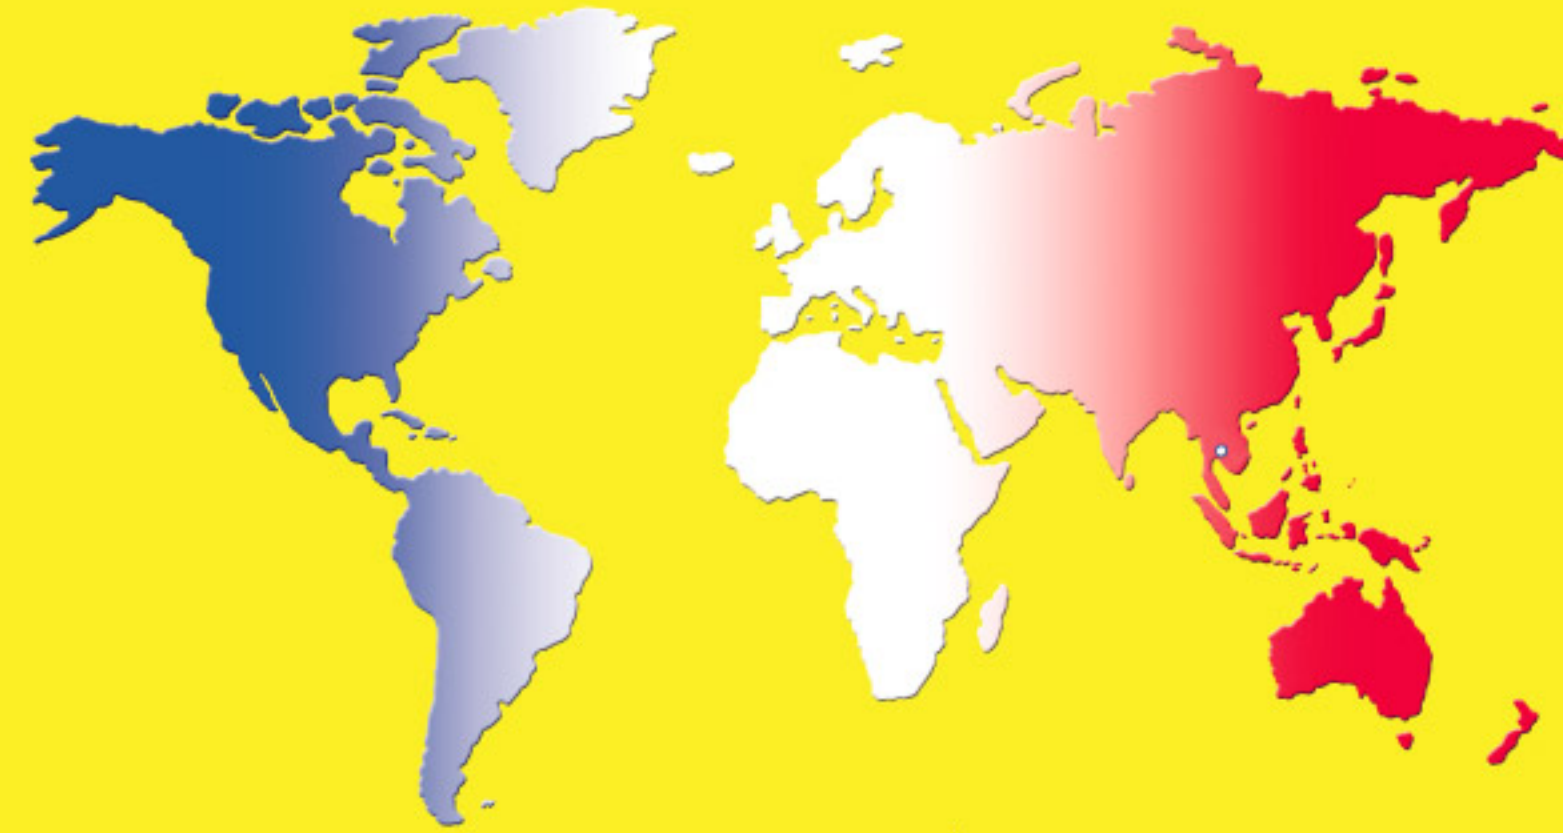

Flexibility, Quality, Efficiency are our working philosophy.

Besides our production capacity ranging from a few dozen pieces to mass production, our long experience in just in time processes allows us to be fully flexible. According to your request, we can use our extended out-sourcing capacity and/or design tailor-made items in less than a week time and export them worldwide.

Asia Magnetic Winding is certified ISO 9001, version 2000. The factory is equipped with state-of-the-art machines and in-house developed software. Thanks to a brand new tracking system for our raw material we can guarantee the complete reliability of the final product. All of our products meet international quality and safety standards and are ahead of the environment regulations. Quality is crucial for us.

Our location right at the heart of Asia means benefiting from many advantages: gateway to the world's fastest-growing markets, good infrastructure and support from the local authorities. Moreover, Asia Magnetic Winding boasts a skilled workforce and a French-Thai management team trained in Europe.

All those unequalled assets make Asia Magnetic Winding the ideal partner to offer you the best services, products and integrated solutions.

ASIA MAGNETIC WINDING Co., Ltd.

Expert in manufacturing Chokes and Transformers

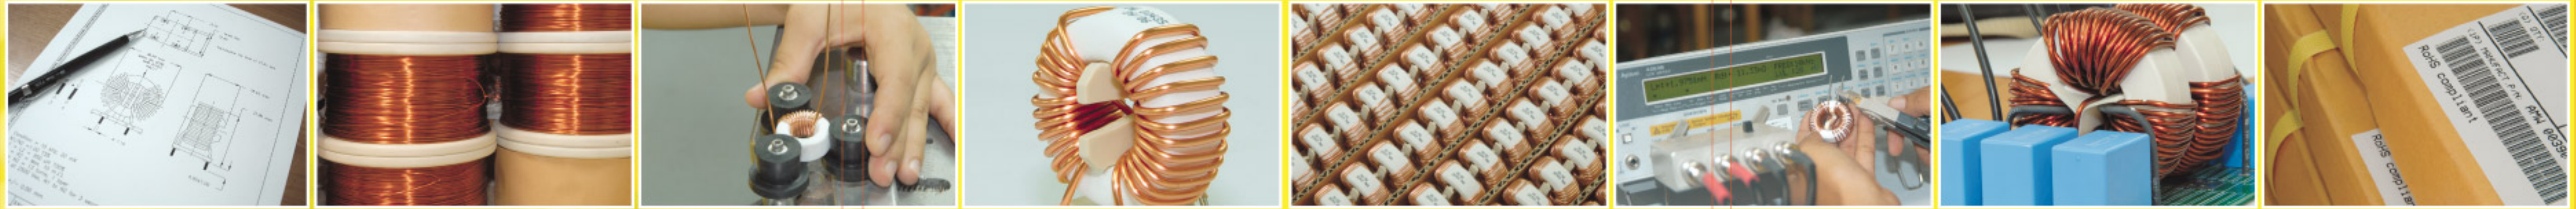

Total Quality is Our Policy

ASIA MAGNETIC WINDING Co., Ltd.

From design to production...

...Total Quality is our Policy

Our strengths

EXPERTISE

Over 15 years experience in manufacturing toroidal and linear chokes to complete chargers.

PEOPLE

Seniority combined with our multicultural structure make our team our greatest asset.

QUALITY

Strong with the ISO 9001:2000 certification, our R&D team strives to implement the compliance requested by the national regulations of our customers.

REACTIVITY

Thanks to our technology awareness and to our experience in creating prototypes, we can help you to develop customized products in a short time and mass-produce with good lead time.

LOCATION

Thailand is a unique combination of direct access to sourcing markets, industrial know how and quality of infrastructure.

Our customers' views

"It has been quite a few years now that we have been working with AMW. They started as a supplier, they now gain our recognition as a real partner."

Purchasing Manager - Leader in telecommunication

"Reactivity ? You call them in the morning US time and it is solved in the afternoon US time !"

R&D - Leading medical equipment

"One of the key-strengths of AMW is how they look at their internal organization. They are so customer-centric."

Procurement Director - Construction equipment

"The sensitivity of our products requested us to find an industrial partner who could track every single component for every single order. AMW tracking solutions were what we were looking for.."

Sourcing Director - Leading company in industrial batteries

"AMW location in Asia was a strategic factor for us. We needed a supplier who could have direct access to the world greatest sourcing markets."

Purchasing Manager - Leading manufacturer of cashless payment systems
